WEARABLE
User Manual
WS-2311

Thank you for purchasing the Sami wearable WS-2311. Read the instructions carefully to obtain optimum results and preserve it for future reference.

· DESCRIPTION OF THE WEARABLE.

CONTENTS

Wearable, USB cable, instruction manual.

CHARGING.

Connect the SMART WATCH to a laptop via USB cable for charging. Kindly use only the USB cable included with the wearable. If you use a power adapter for charging, the output of the power adapter should be 5V,1A. Charging time: 2~3 hours. Please charge the device fully before using.

GETTING STARTED:

- For Android

1) How to obtain the BT Connection APK (VITAL)

At the watch please tap Quick response ----> Android ----> use your Android smart phone to scan the QR code and then download it. You can also go to our **website www.sami.es and download the application**

2) How to make the wearable pair with your Android smart phone?

*Firstly, turn on both the Bluetooth of your device and the Bluetooth of the wearable. Make the Bluetooth visible, and make it pair.

When installing the Fundo Wear app on your Android smart phone, it must allow all the Application Permissions, allow this Fundo Wear auto run.

The first time to run this smart watch VITAL, it will ask you to Enable Notification, please tap OK and tap the Fundo Wear and confirm OK.

The first time you run this smart watch VITAL, it will ask you to register and log in, please register and log in.

On your Android smart phone, Setting ---> Accessibility ---> turn on Fundo Wear (If the Fundo Wear isn't turn on here, it will not work successfully.)

- For iPhone

1) How to obtain the BT Connection APP (VITAL)

On iPhone, please go to APP Store and search Fundo Wear app and install it.

2) How to make the wearable pair with your iPhone?

*Firstly, turn on both the Bluetooth of iPhone and the Bluetooth of the wearable. Make the Bluetooth visible, and make it pair.

When the Bluetooth is successfully paired with iPhone, on the iPhone Setting ---> tap Bluetooth ----> you will see there is one WS-2311 connected.

*Secondly, run the Fundo Wear on iPhone, register and log on, on the home page of Fundo Wear, tap  --> tap  ----> tap Start Search ---> the name WS-2311 will display, tap WS-2311 and it will downloading and pair.

When the Bluetooth successfully paired with iPhone again, on the iPhone Setting ---> tap Bluetooth ----> you will see there are two WS-2311 connected.

Now the wearable is successfully pairing with your iPhone.

Notice: On the VITAL smart watch you will need to tap Sync Date to sync all the data of Pedometer, Sleep Monitor, Heart Rate. It won't automatically sync.
