- 2) To turn OFF the smart band, tap the touch button until you get in the "Others" interface, → long press the touch button to enter, → short press the touch button a few times until you enter in the Power off interface → long press the touch button for a few seconds to make it power off.

## HOW TO CONTROL?

- 1) On the display screen, short press the touch button control to change between the different menus. Long press to achieve the different functions.

## GETTING STARTED:

### - For Android

1) How to obtain the BT Connection APK (**WEARFIT**)

Search for the **WEARFIT APP** in the Google Play Store; download it and install it in your Android smartphone, or go to our **website [www.sami.es](http://www.sami.es)** and download the application.

2) Installation of the **WEARFIT** APK.

When installing the **WEARFIT** application on your Android, you must allow all the Application Permissions, allow this **WEARFIT** app auto run.

The first time you run this **WEARFIT**, it will ask you to Enable Notifications, please tap OK and tap the **WEARFIT** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application permissions.

3) How to make the wearable pair with your Android smart phone?

\*First, turn on the Bluetooth of your Phone.

\*Second, run the **WEARFIT** app on your Phone, on the home page of **WEARFIT**, tap the menu icon which is on the left top of the interface → tap **Bind Bracelet** which is at the bottom of the interface→tap again **Bind Bracelet**, and then the APP will search for Bluetooth device(s), when the available Bluetooth device displays, please tap **W1** or **WS-2324** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you pair for the first time, the app **WEARFIT** will ask you to fill some personal information such as gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request.

\* Now you can start using your desired functions of the smart band.

**Important:** To enable all notifications of different software's such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the home page of **WEARFIT**, select the icon of the main menu situated on the top left of the screen, → and select '**Device management**', → '**reminders**', → '**app notification**' and turn on all the APP notifications you want to active.

### - For iPhone

1) How to obtain the BT Connection APP? (**WEARFIT**)

On iPhone, please go to APP Store and search **WEARFIT** and install the app.

2) How to make the wearable pair with your iPhone?

\*First, turn on the Bluetooth of iPhone

\* Run the **WEARFIT** app on the iPhone, on the home page of **WEARFIT**, tap the menu icon which is on the left top of the interface → tap **Bind Bracelet** which is at the bottom of the interface→tap again **Bind Bracelet** and then the APP will search for Bluetooth device(s), when the available Bluetooth device displays, please tap **W1** or **WS-2324** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. You must tap OK/Confirm/Yes/Pair/Allow for any pop-up request.

\* Now you can start using your desired functions of the smart band.

**Important:** To enable all notifications of different soft wares such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the home page of **WEARFIT**, select the icon of the main menu situated on the top left of the screen, → and select '**Device management**', → '**reminders**', → '**app notification**' and turn on all the APP notifications you want to active.
