Tap on the clock dials icon, and then slide the screen left or right to select the digital clock style, tap on the style you prefer to change it.

GETTING STARTED:

- For Android

1) How to obtain the BT Connection APK (**DA FIT**)

Search for the **DA FIT APP** in the Play Store; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application.

2) Installation of the **DA FIT** APK.

When installing the **DA FIT** application on your Android, you must allow all the Application Permissions, allow this **DA FIT** app auto run.

The first time you run this **DA FIT**, it will ask you to Enable Notifications, please tap OK and tap the **DA FIT** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application permissions.

3) How to make the wearable pair with your Android smart phone?

*First, turn on the Bluetooth of your Phone.

*Second, run the **DA FIT** app on your Phone, on the home page of **DA FIT**, select "**TO ADD**", the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **SN59 or WS-2331** (the BT name of this device) to make it pair. The pairing will be finished in a few seconds. When you pair for the first time, the app **DA FIT** will ask you to fill some personal information such as gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different softwares such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the **DA FIT** homepage, select the Settings icon (middle icon situated at the bottom of the interface) → then select notifications, → and turn on all the APP notifications you want to active.

For Android smart phone, in order to achieve all of the functions which are supported by the **DA FIT** app, you must allow the **DA FIT** app runs in background, you must tap OK/Confirm/Allow/Yes for any of the pop-up request at the 1st time of running of the **DA FIT** APK/APP. And it may ask you to turn on the **DA FIT** app in the Android smart phone's Accessibility: go to the settings of the smartphone → Accessibility → find the **DA FIT** app and turn it on.

- For iPhone

1) How to obtain the BT Connection APP? (**DA FIT**)

On iPhone, please go to APP Store and search **DA FIT** and install the app.

2) How to make the wearable pair with your iPhone?

*First, turn on the Bluetooth of iPhone

* Run the **DA FIT** app on the iPhone, on the home page of **DA FIT**, tap "**ADD A DEVICE**" the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please tap **SN59 or WS-2331** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you pair for the first time, the app **DA FIT** will ask you to fill some personal information such as gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different softwares such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the **DA FIT** homepage, select the Settings icon (middle icon situated at the bottom of the interface) → then select notifications, → and turn on all the APP notifications you want to active.
