WEARABLE
User Manual
WS-2317

Thank you for purchasing the Sami wearable WS-2317. Read the instructions carefully to obtain optimum results and preserve it for future reference.

· DESCRIPTION OF THE WEARABLE.

CONTENTS

Wearable, USB cable, instruction manual.

HOW TO CONTROL?

- 1) Long press the power button to turn On/Off, short press to return to the home screen.
- 2) Slide left/right and slide up/down to go to the different menus. Tap the icons to select them.
- 3) On the home screen, tap on the top of the screen and slide down to view the Date/Time/Bluetooth status/Battery status/Volume status; and on this interface, tap to turn the Bluetooth On/Off, tap to mute/un-mute the voice volume.

CHARGING.

Connect the SMART WATCH to a computer or laptop via USB cable for charging. Kindly use only the USB cable included with the wearable. If you use a power adapter for charging, the output of the power adapter should be 5V, 1A. Charging time: 2~3 hours. Please charge the device fully before using.

GETTING STARTED:

- For Android

- 1) How to obtain the BT Connection APK (**LEFUN DEVICE / LEFUN WEAR**)

Please download the application from www.sami.es. For any technical support please write an email to info@sami.es

- 2) How to make the wearable pair with your Android smart phone?

*Firstly, turn on both the Bluetooth of your device and the Bluetooth of the wearable. Make the Bluetooth visible, and make it pair.

When installing the **LEFUN DEVICE/LEFUN WEAR** app on your Android smart phone, it must allow all the Application Permissions, allow the **LEFUN DEVICE/LEFUN WEAR** auto run.

The first time to run this **smart watch SPACE**, it will ask you to Enable Notifications, please tap OK and tap the **LEFUN DEVICE/LEFUN WEAR** and confirm OK..

On your Android smart phone, go to Settings --- > Accessibility --- > turn on the **LEFUN DEVICE/LEFUN WEAR** (If the **LEFUN DEVICE** isn't turn on here, it will not work successfully.)

*Secondly, run the **LEFUN DEVICE/LEFUN WEAR APP** on the android, on the home page of **LEFUN DEVICE/LEFUN WEAR**, tap the left top menu--> then tap and select the first option(equipment name/connection status) ---> the tap the **WS-2317**, to make it pair.

Note: To avoid conflicts between different Bluetooth Connection APKs, you may need to uninstall all other similar Bluetooth Connection APKs before installing this APK (**LEFUN DEVICE / LEFUN WEAR**).

- For iPhone

1) How to obtain the BT Connection APP (**LEFUN DEVICE APP**)

On iPhone, please go to APP Store and search **LEFUN DEVICE** app and install it.

2) How to make the wearable pair with your iPhone?

*First, turn on both the Bluetooth of the iPhone and the Bluetooth of the wearable. Make the Bluetooth visible, and make it pair.

When the Bluetooth is successfully paired with iPhone, on the iPhone Setting --- >tap Bluetooth ---- >you will see there is one **WS-2317** connected.

*Secondly, run the **LEFUN DEVICE APP** on the iPhone, on the home page of **LEFUN DEVICE**, tap the left top menu--> then tap and select the first option (Not connect for the present)--> then tap search --> then tap the **WS-2317**, to make it pair.

When the Bluetooth successfully paired with iPhone again, on the iPhone Setting --- >tap Bluetooth ---- >you will see there are two **WS-2317** connected.

Now the wearable is successfully pairing with your iPhone.

Notice: On the SPACE smart watch you will need to tap Sync Date to sync all the data of Pedometer, Sleep Monitor, Heart Rate, etc. It won't automatically sync.
