- 1) On the display screen, short press the touch button control to change between the different menus. Long press to achieve the different functions.

GETTING STARTED:

- For Android

- 1) How to obtain the BT Connection APK (**WEARFIT 2.0**)

Search for the **WEARFIT 2.0 APP** in the Google Play Store; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application.

- 2) Installation of the **WEARFIT 2.0** APK.

When installing the **WEARFIT 2.0** application on your Android, you must allow all the Application Permissions, allow this **WEARFIT 2.0** app auto run.

The first time you run this **WEARFIT 2.0**, it will ask you to Enable Notifications, please tap OK and tap the **WEARFIT 2.0** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application permissions.

- 3) How to make the wearable pair with your Android smart phone?

*First, turn on the Bluetooth of your Phone.

*Second, run the **WEARFIT 2.0** app on your Phone, on the home page of **WEARFIT 2.0**, select "**Third party log in**" → and select the social network that appears to log in with this one in the app. Once you open the app select the "**me**" icon which is on the right bottom of the interface → tap **Connection Management** → tap again **Connect band**, and then the APP will search for Bluetooth device(s), when the available Bluetooth device displays, please tap **R5** or **WS-2326** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you finish select OK/Confirm/Allow for any pop-up request.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different software's such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the home page of **WEARFIT 2.0**, select the "**me**" icon situated on the right bottom of the screen, → and select "**Device management**", → "**Smart reminder**", → "**app notification**" and turn on all the APP notifications you want to active.

- For iPhone

- 1) How to obtain the BT Connection APP? (**WEARFIT 2.0**)

On iPhone, please go to APP Store and search **WEARFIT 2.0** and install the app.

- 2) How to make the wearable pair with your iPhone?

*First, turn on the Bluetooth of iPhone

* Run the **WEARFIT 2.0** app on the iPhone, on the home page of **WEARFIT 2.0**, select "**Third party log in**" → and select the social network that appears to log in with this one in the app. Once you open the app tap the "**MINE**" icon which is on the right bottom of the interface → tap **Connection Management** → tap again "**Bind Bracelet**", and then the APP will search for Bluetooth device(s), when the available Bluetooth device displays, please tap **R5** or **WS-2326** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you finish select OK/Confirm/Allow for any pop-up request.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different software's such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the home page of **WEARFIT 2.0**, select the "**MINE**" icon situated on the right bottom of the screen, → and select "**Device management**", → "**Intelligent reminder**", → "**app notification**" and turn on all the APP notifications you want to active.
