6) In the home page, tap and slide on the screen from right to left, to display the heart rate.

GETTING STARTED:

- For Android

1) How to obtain the BT Connection APK (**FUNDO PRO**)

Search for the **FUNDO PRO APP** in the Play Store; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application.

2) Installation of the **FUNDO PRO** APK.

When installing the **FUNDO PRO** application on your Android, you must allow all the Application Permissions, allow this **FUNDO PRO** app auto run.

The first time you run this **FUNDO PRO app**, it will ask you to Enable Notifications, please tap OK and tap the **FUNDO PRO** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application permissions.

3) How to make the wearable pair with your Android smart phone?

*First, turn on the Bluetooth of your Phone.

*Second, run the **FUNDO PRO** app on your Phone, on the home page of **FUNDO PRO**, select **"More"** → and select ''**Connect a device**'', the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **Q7 or WS-2328** (the BT name of this device) to make it pair. The pairing will be finished in a few seconds. When you pair for the first time, the **FUNDO PRO** app will ask you to fill some personal information such as gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different softwares such as WhatsAPP, Facebook, Skype, Twitter, you will need to turn on the notifications on the APP manually. On the **FUNDO PRO** homepage, select the icon **"More"** (situated on the right bottom of the screen), → and turn on all the APP notifications you want to active.

For Android smart phone, in order to achieve all of the functions which are supported by the Fundo app, you must allow the Fundo app runs in background, you must tap OK/Confirm/Allow/Yes for any of the pop-up request at the 1st time of running of the Fundo APK/APP. And it may ask you to turn on the Fundo app in the Android smart phone's Accessibility: go to the settings of the smartphone→Accessibility→ find the Fundo app and turn it on.

- For iPhone

1) How to obtain the BT Connection APP? (**FUNDO PRO**)

On iPhone, please go to APP Store and search **FUNDO PRO** and install the app.

2) How to make the wearable pair with your iPhone?

*First, turn on the Bluetooth of iPhone

* Run the **FUNDO PRO** app on the iPhone, on the home page of **FUNDO PRO**, tap and select "**More**", → select ''**Add device**'' the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please tap **Q7 or WS-2328** (the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you finish select OK/Confirm/Allow for any pop-up request.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different softwares such as WhatsAPP, Facebook, Skype, Twitter, you will need to turn on the notifications on the APP manually. On the **FUNDO PRO** homepage, select the icon **"More"** (situated on the right bottom of the screen), → and turn on all the APP notifications you want to active.
