RUNNING 6 PRO
S M A R T B A N D

LIMITED
EDITION

Thank you for purchasing the **Sami Wearable** WS-2360. Read the instructions carefully to obtain optimum results and preserve it for future reference. Sami has developed wearable devices since 2015 and we use the best components possible for the product.

DESCRIPTION OF THE WEARABLE

CONTENTS

Wearable, magnetic SEAT charging cable, instruction manual.

CHARGING

Connect the device preferably to a power adapter. If not you can then connect to a computer or laptop with the USB cable for charging. Take out the device from the strap if needed and then put it on the Magnetic SEAT for charging. Make sure the charging points are in right position on SEAT. Kindly use only the USB cable included with the wearable. If you use a power adapter for charging, the output of the power adapter should be 5V, 1A. Charging time: 2 hours. Please

charge the device fully before using it.

HOW TO POWER ON / POWER OFF?

- 1) To turn ON the smart band, on the screen, long press the touch button (the fixed-point touch control area) for few seconds to power on. The touch button is situated at the bottom of the screen.

HOW TO CONTROL?

On the display screen, short press the touch button to change between the different menus; Long press the touch button to enter; long press the touch button to return. Long press the touch button to achieve different functions.

GETTING STARTED:

- For Android

1) How to obtain the BT Connection APK (**FLAGFIT 2.0**)

Search for the **FLAGFIT 2.0 APP** in the Play Store; download it and install it in your Android smartphone, or go to our **website www.sami.es** and download the application.

2) Installation of the **FLAGFIT 2.0** APK.

When installing the **FLAGFIT 2.0** application on your Android, you must allow all the Application Permissions, allow this **FLAGFIT 2.0** app auto run.

The first time you run this **FLAGFIT 2.0**, it will ask you to Enable Notifications, please tap OK and tap the **FLAGFIT 2.0** and confirm OK. You must tap OK/Allow/Pair/Yes/Confirm for any pop-up request. On your Android permission management, allow all application

permissions.

3) How to make the wearable pair with your Android smart phone?

*First, turn on the Bluetooth of your Phone.

*Second, run the **FLAGFIT 2.0** app on your Phone, on the home page of **FLAGFIT 2.0**, select **"Me"** (icon situated in the right bottom of the **FLAGFIT 2.0** homepage), → select **"Add device"**, the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please select **WS-2360** (the BT name of this device) to make it pair. The pairing will be finished in a few seconds. When you pair for the first time, the app **FLAGFIT 2.0** will ask you to fill some personal information such as gender/ age/ height/ weight. When you finish select OK/Confirm/Allow for any pop-up request such as allow location, use of Bluetooth or allow to send notifications.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different software such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the **FLAGFIT 2.0** homepage, select the **"Play"** icon (situated at the center bottom of the home interface) → then tap and select **"Call reminder"** to turn it on, → and tap and select **"SMS reminder"** to turn it on → tap and select **"More"** to enter in more menu of notifications, turn on all the APP notifications those you want to active.

Please note that for correct functioning of the reminders you must have allowed location access to the app.

For Android smart phone, in order to achieve all of the functions which are supported by the **FLAGFIT 2.0** app, must allow the **FLAGFIT 2.0** app runs in background, must tap OK/Confirm/Allow/Yes for any of the pop-up request at the 1st time of running of the **FLAGFIT 2.0** APK/APP. And it may need you to turn on the **FLAGFIT 2.0** app in the Android smart phone's Accessibility: go to the settings of the smartphone → Accessibility → find the **FLAGFIT 2.0** app and turn it on.

- For iPhone

1) How to obtain the BT Connection APP? (**FLAGFIT 2.0**)

On iPhone, please go to APP Store and search **FLAGFIT 2.0** and install the app.

2) How to make the wearable pair with your iPhone?

*First, turn on the Bluetooth of iPhone

* Run the **FLAGFIT 2.0** app on the iPhone, on the home page of **FLAGFIT 2.0**, select “**Profile**” (which is situated at the right bottom of the **FLAGFIT 2.0** homepage), → select “**+Add a new device**”, the APP will search for new Bluetooth device(s), when the available Bluetooth device displays, please tap **WS-2360**(the BT name of this device) to make it pair. The pairing will be finished in few seconds. When you pair for the first time, the app **FLAGFIT 2.0** will ask you to fill some personal information such as gender/age/height/weight. When you finish select OK/Confirm/Allow for any pop-up request such as allow location, use of Bluetooth or allow to send notifications.

* Now you can start using your desired functions of the smart band.

Important: To enable all notifications of different softwares such as WhatsApp, Facebook, Skype, Twitter, you may need to turn on the notifications on the APP manually. On the **FLAGFIT 2.0** homepage, select the “**Play/Smart**” icon (which is situated at the centre bottom of the interface) → then tap and select “**Call**” and turn it on → tap and select “**SMS**” and turn it on → tap and select “**More**” to enter in more menu of notifications, turn on all the APP notifications those you want to active.

Please note that for correct functioning of the reminders you must have allowed location access to the app.

ATTENTION: For both iOS or Android, the wearable should be Bluetooth paired with the smart phone through the **FLAGFIT 2.0** app; should not be paired through your smart phone's Bluetooth settings. If you have already paired it on the Bluetooth at your smartphone settings, unpair it and forget the device to start the correct binding through the app.
